

*Directed to the severall Heads
of Houses, respectively; at the begin-
ning of Michaelmas Term. 1678.*

SIR,

I do most earnestly desire you to assist me in removing the neglect of wearing the University Habits at Solemn meetings according to the Statutes: which is generally complained of. Especially the neglect of Hoods at St. Maries at Latine Sermons and Sunday mornings in the Term time. And

1. That you would now bring your whole House to the Latine Sermon on the first day of this next Term, and require of the Bachelors of Divinity, and Masters, to appear then in their Hoods: Giving them notice of it some time before hand, that they may not excuse it by want of warning. And let them be admonished to come to St. Maries on the Sunday mornings in Term afterwards in Habits required: Which is according to the Oath at the time of their first taking their Degrees.

2. That you would admonish all Batchelors of Arts to wear their Hoods at the same times at St. Maries, under the Penalties of the Statute. And let them know that the Gallery keepers shall have express orders to admit none into the Gallery without their Hoods. And further that I shall desire the Proctors and Pro-Proctors to exact penalties of such as after this warning shall neglect to appear in their Hoods and Caps at such times.

JOH. NICHOLAS Vice-Can.
